

STATE OF COLORADO
Department of State
1700 Broadway, Suite 200
Denver, CO 80290

Wayne W. Williams
Secretary of State
Judd Choate
Director, Elections Division

NOTICE OF PUBLIC MEETING TO ESTABLISH THE RISK LIMITING AUDIT RANDOM SEED

Please take notice that the Colorado Secretary of State will conduct a public meeting to establish the random seed for use with the Secretary of State's Risk Limiting Audit (RLA) software's pseudo-random number generator as required by Election Rule 25.2.2 (h).

DATE OF PUBLIC MEETING:

Friday, November 16, 2018 at 10:00AM

LOCATION OF PUBLIC MEETING:

**Secretary of State's office
Aspen Conference Room – 3rd floor
1700 Broadway
Denver, CO 80290**

The seed is a number consisting of at least 20 digits, and each digit will be selected in order by sequential rolls of a 10-sided die. The Secretary of State will randomly select members of the public who attend the meeting to take turns rolling the die, and designate one or more staff members to take turns rolling the die in the event that no members of the public attend the meeting. The Secretary of State will publish the seed on the Audit Center (<http://www.sos.state.co.us/pubs/elections/auditCenter.html>) immediately after it is established.

The Secretary of State respectfully requests members of the public who desire to attend this demonstration to RSVP by 12:00 noon on November 15, 2018, as space is limited. For additional information or to RSVP, contact Voting Systems Manager Jessi Romero at jessi.romero@sos.state.co.us.
